

Jodie Moore – Payroll Officer & Admin Assistant

Jodie joined the Capital Chemist Group in April 2016. The group was looking for a Payroll Officer at the time and Jodie was contacted by Esther from the accounting department. She put in her resume and had an interview and the rest is history.

The efforts the group puts into the community are a stand out for Jodie with more direct involvement from her part in Relay for life, Hartley Life Care and the Rise Above Truck Convoy (for cancer).

“It’s really nice to learn about all the great causes out there in the community and those that the group supports. It’s fulfilling to see the group invest in charities and scholarships in our communities. I’m really happy that I found the group”.
